I am writing you to express my support for HB 5210, ACT CONCERNING VARIOUS PAY EQUITY AND FAIRNESS MATTERS, Sponsored by Rep. Derek Slap and co-sponsored by Sen. Looney. The bill prohibits employers from asking for an individual's salary history during pay negotiation. It **prohibits employers from using pregnancy, family or medical leaves as reasons to not increase pay.**

These issues are imperative to a fair and equitable interview and for the future of the employee.

Please follow this progressive agenda.

Sincerely,

Beverly Propen
